Cooler By Design™

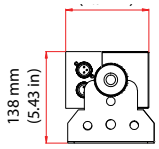
Blazin' Trails with 25w 5-IN-1 COB LED's!

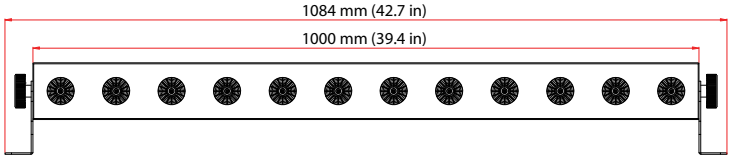
You won't believe your eyes when you see the intensely bright, super rich colors produced by the HotStik™ 5 COB, 1-meter long LED baton style 5-in-1 RGBAW LED fixture! The HotStik™ 5 COB is powered by 12x 25-watt Tianxin™ RGBAW COB LEDs, and maintains all the same great features that made the original HotStik™ such an outstanding success!

Its 5-in-1 RGBAW LED's provide a vastly increased color gamut and drastically reduced multicolored shadowing versus conventional LEDs, and programming is a snap with the HotStik™ 5 COB's large, blue illuminated LED control panel. And as always, we also pay plenty of attention to ergonomics and construction, and the HotStik™ 5 COB delivers here as well, with PowerCON® compatible power in/out connectors and 3-pin DMX connectors on opposing sides of the fixture for easy daisy-chaining of DMX and power.

With an awesome array of built-in color macros, automated programs, plus sound active mode via master/slave, the HotStik™ 5 COB is a perfect solution for any type of accent lighting. Plus, with the flexibility of either 5 or 9-channel DMX modes, it's a great choice for theatrical and production work as well. Whatever the need, the HotStik™ 5 COB delivers outstanding color reproduction in a smart, well designed linear wash package!

You can also take full advantage of Blizzard's wiCICLE® wireless DMX system without the need for external power thanks to the wiCICLE enabled DMX jacks! An innovative design provides power to the system directly from the fixture's DMX jack, meaning even fewer cords and less setup time!





Lux/m	Red	Green	Blue	Amber	White	All
1m	1,950	2,000	2,120	1,000	2,200	8,610
2m	750	750	780	380	800	3,000

HOTSTIK cob

Main Features
- 12x 25w high power RGBAW COB 5-in-1 LEDs
- Variable electronic strobe
- Variable electronic dimmer
- Built-in color & chase macros via DMX
- Built-in automated programs + Sound Active via M/S
- RGBAW color mixing ability in standalone mode
- Beam Angle: 80 degree
- 3-pin male input and 3-pin female output
- User selectable 5 or 9-channel DMX modes
- Can directly power the wiCICLE® wireless system via DMX
- Flicker-free constant-current LED driver
- Easy to use LED control panel
- PowerCon™ compatible AC power In/Out connectors

Power
- Operating Voltage: 100-240VAC, 50-60 Hertz
- Fuse: 3.5A 250V
- Power Consumption: 236W, .1.96A, pf: .99

Thermal
- Max. Operating Temp.: 104 degrees F (40 degrees C) ambient

Control
- Protocol: USITT DMX-512
- DMX Channels: 5/9 (User Selectable)
- Input: 3-pin XLR Male
- Output: 3-pin XLR Female
- Standalone, Master/Slave, Sound Active, Color Preset

Weight & Dimensions
- 42.7" (1084 mm) x 5.43" inches (138 mm) x 4.92" (125 mm)
- Weight: 21 lbs (10 kg)

Warranty
- 2-year limited warranty, does not cover malfunction caused by damage to LED's.
